EXPERIENCE

Director of Photography 2015–2017

Since going freelance I've had the opportunity to shoot a vast range of different projects. From doco, comedy to commercial pieces. I now run a successful business with a fully equipped gaffer/grip van and an Arri Amira camera package.

Cinematographer | Editor 2012–2014

The Feed | Viceland

I photographed and edited the majority of documentary features as the Senior Cinematographer for The Feed. Many stories I shot would go on to win Walkleys, United Nations Media and Kennedy Awards.

Photojournalist 2009–2012

News Corp

Filing for most major News Corp publications, I filed documentary essays from across the Northern Territory and internationally. In 2012 I received the NT Photographer for the Year award and was nominated for a Young Walkley Award and a Panpa award. I exhibited my work nationally including The Elizabeth St Gallery in Surry Hills

Photojournalist 2007–2009

Fairfax Media

I completed a photojournalism cadetship in 2007 working for Fairfax mastheads including The Courier and The Age
