**Liz Sharp** commenced her education in Art Makeup and SPFX in 1996 gaining a Diploma of makeup for Film & TV from the Sydney 3-Arts Makeup Centre. Liz went onto study at the Australian National University School of Art achieving a Degree in Visual Arts. Liz Sharp also successfully completed a Certificate IV in Training and Assessment, and she has been teaching since 2006. Currently, along with Freelancing, she has started part time study for her Masters in Contemporary Art @ RMIT Australia.

Liz has continued to gain experience in many aspects of Art and Makeup throughout her career working with highly skilled and gifted Visual Artists, Directors, Photographers, Actors, Models. Not to mention her top Mua, Hair & SPFX colleagues. Lizzie is known and well respected for her patience and technical skills in colour, attention to detail and her concepts as a Visual Artist.

Her work is regularly seen throughout the make-up and visual arts circles. She is recognized for her work in editorials, fashion films, music videos, film and television, special effects, theatre, body art and as a teacher and mentor to many in the industry.

She has a love of teaching and decided more to share her skills with others by becoming an educator of make-up & art.

Liz provides a very high standard of education to her students, teaching them not only how to perfect the application of make-up but to do this to a tight schedule and under pressure with the skills of design and conceptualizing. She imparts knowledge on how to be a part of a strong team working as make-up assistant with the ultimate goal of eventually becoming a top make-up artist.

Liz is always open to a challenge and new ideas in the world of art and cannot limit herself to one or two areas in her career as

4 a technician or a visual artist.
