TIM FAY

CAMERA ASSISTANT

BA: Media and Information,
Majoring: Film and Television.
Curtin Bentley Campus, (2008-2011)

About me.

A committed and hard working camera assistant, I enjoy the set-life immensely and love aiding the Director of Photography in producing high quality images. I am experienced with a broad range of cameras, including the entire RED family, the Arri Alexa and much of the Sony F-series. I am always looking to work with new gear. I am also an accomplished cinematographer in my own right, and understand the needs of a DoP working on set, I highly recommend you call my references to receive testimony on my competence and hardworking nature.
