WILL STOREY

PROFILE

I have been a cameraman since 2002. I have worked in lifestyle and travel, news and current affairs, reality, live sports OB, live studio camerawork, live events coverage and corporate video production. I started my fulltime career working for Prime Television, Circling Shark Productions and then Channel 10. In 2010 I started freelancing by having a stint in London. I then returned to Australia and have worked in both Perth and Sydney. I had three years working in Sydney from 2012 to 2015. I am now back in my home town of Perth continuing to enjoy the challenges and rewards that come from being a freelance cameraman. I own a Sony Xdcam-F800 camera kit and a Canon 5D Mark 3 (detailed below) that I can supply if needed. I can also hire equipment when required or use your camera gear too.
