## ALEX MORRISON

### Jimmy Jib & Hothead Operator

#### **Employment History:**

I have worked as a Sydney-based freelance Camera and Jimmy Jib Operator for twenty years. Projects have ranged from overseas documentaries in challenging environments to high-end television commercials, feature films and television work. A comprehensive list of projects can be supplied upon request.

#### **Gear Available:**

I can supply a Stanton Jimmy Jib Triangle Kit ranging from 6 to 40 feet in reach. I have complete film and video compatibility for a wide range of formats including all HD video formats. I can source any camera required for your shoot. Tracking on Precision gauge track is possible as is mounting on a Euro mount dolly for more precise work. A third axis, 'Dutch roll' kit is also available as well as a Hothead mount with 180 feet of cable. A Stanton Jib Lite is also available. Please call me to discuss your needs.
